Names may also be removed based upon the same criteria established in Section 9.7 of the Civil Service Rules & Regulations.

Section 9. Eligibility.

Section 9.1 Veteran's Scoring Criteria Status: There are four categories of veterans to which the scoring criteria status applies. A base requirement of each category is that the person has received from any branch of the armed forces an honorable discharge or a discharge for physical reasons with an honorable record. All veterans' scoring criteria may be claimed upon release from active military service or upon receipt of separation orders indicating honorable discharge, issued by the respective military department. The four categories are:

1. Veterans who served during a period of war or in an armed conflict and do not receive military retirement. Veterans who served during a "period of war," that are defined in RCW 41.04.005, need not have served in a combat zone or hostile environment to qualify; simply being in the armed forces during such a period, in addition to not receiving military retirement, is sufficient. Veterans who served in an "armed conflict," as defined by RCW 41.04.005, and received a campaign badge or medal, and who do not receive military retirement, also qualify in this category. A "period of war" is defined by RCW 41.04.005 to include, in addition to the two world wars, the following:

- the Korean conflict;
- the Vietnam era, which was the period beginning August 5, 1964, and ending on May 7, 1975;
- the Persian Gulf War, which was the period beginning August 2, 1990, and ending on February 28, 1991 or ending on November 30, 1995, if the participant was awarded a campaign badge or medal for such period; and
- the period beginning on the date of any future declaration of war by Congress and ending on the date prescribed by presidential proclamation or concurrent resolution of Congress.
- the following armed conflicts, if the participant was awarded the respective campaign badge or medal, or if the service was such that a campaign badge or medal would have been awarded, except that the member already received a campaign badge or medal for a prior deployment during that same conflict:

The crisis in Lebanon; the invasion of Grenada; Panama, Operation Just Cause; Somalia, Operation Restore Hope; Haiti, Operation Uphold Democracy; and Bosnia, Operation Joint Endeavor; Operation Noble Eagle; southern or central Asia, Operation

Enduring Freedom; Persian Gulf, Operation Iraqi Freedom; Iraq and Syria, Operation Inherent Resolve; and Afghanistan, Operation Freedom's Sentinel.

Veterans in this category receive a 10 percent scoring criteria added to passing mark, grade, or rating of competitive exams until their first appointment. This "first appointment" limitation means that, if a veteran has gotten a job with the 10 percent scoring criteria status, he or she may not use it to obtain another job, even with another agency. See AGO 1974 No. 22. Also, it may not be used in a promotional exam.

2. Veterans who did not serve during a period of war or who are receiving military retirement. This category of veterans, which includes any veteran not covered by the first category, is entitled to a five percent scoring criteria status. Like the first category, it may be used only until a veteran's first appointment and may not be used in any promotional exam.

3. Peacetime veterans and others who have fulfilled their military service obligations. Legislation was adopted in 2002 (chapter 292, Laws of 2002) expanding the list of veterans qualified for certain benefits. In addition to those veterans who have served during a period of war, qualifying veterans now include those who have served during peacetime, namely:

- A member in any branch of the armed forces of the United States, including the national guard and armed forces reserves, who has fulfilled his or her initial military service obligation;
- A member of the women's air forces service pilots;
- A member of the armed forces reserves, national guard, or coast guard, and has been called into federal service by a presidential select reserve call up for at least one hundred eighty cumulative days;
- A civil service crewmember with service aboard a U.S. army transport service or U.S. naval transportation service vessel in oceangoing service from December 7, 1941, through December 31, 1946; or
- A member of the Philippine armed forces/scouts during the period of armed conflict from December 7, 1941, through August 15, 1945.

4. Veterans who were called to active military service from employment with a city or county. This category receives a five percent scoring criteria status that applies until the first promotion only. (Note that this category of veterans is protected when returning to employment from military duty by the federal Uniformed Services Employment and Reemployment Rights Act.) Of course, veterans in this category could also qualify in any of the above two categories when seeking initial employment with another agency covered by RCW 41.04.010.

Section 9.2 Eligibility Lists: All applicants who shall attain the required passing grade for the class or position for which the examination was taken shall be eligible for appointment pending further action and evaluation by the appointing authority; and their names shall be entered on the eligible list under such class and/or for

such position accordingly. The degree of excellence shown by examination, and such other credit as herein otherwise set forth in Section 9.1 shall be the basis for relative standing on the appropriate list.

If no names remain on the proper reinstatement register, the Commission will then certify the names of the three persons highest on the eligible list for the position requested. If more than one vacancy is to be filled, an additional name shall be certified for each additional vacancy. If there are no such lists, it shall authorize a temporary appointment list of such class, from which temporary appointment may then be made.

Section 9.5 Rank on Eligibility List According to Last Rating: Each person shall be ranked upon the appropriate eligibility list according to the last rating he/she shall have received, including the credits for veteran's preference.

Section 9.6 Term of Eligibility:
Entry Level Positions. The term of eligibility of each name on any entrance eligibility list shall be one year following the date of the examination.

Promotional Positions. The term of eligibility of each name on any promotional eligibility list shall be established by the Civil Service Commission upon recommendation of the Department. The length of time for the eligibility list shall be declared to applicants at the time of the exam notification. Promotional lists may be certified for a minimum of 6 months and not to exceed 24 months following the date of the examination. In the event that the length of time for the promotional eligibility list is not specified at the time of the exam notification, the effective length of the list is deemed as twenty-four (24) months.

Individuals that fail to comply with a pre-appointment investigation, or fail to answer a notification to participate in the hiring examination process within five (5) days of notification, or failing without due cause to accept appointment when offered, excluding temporary

appointment, shall be permanently dropped from the eligibility list unless they provide satisfactory cause to the Commission for their failure to act.

9.7.2 Individuals on an eligibility list that violate any appointment standards, or who fail to maintain any certification, commission or license required by law or these rules as a condition of application, examination and/or employment for the position shall be removed from the eligibility list.

- 9.7.3 Additional causes for removal from an appointment eligibility list include the following:

Such person may, within two weeks from the date of removal, make a written request to the Commission for restoration of his/her name to such list or lists for the remainder of the duration of his/her eligibility period. The request shall set forth the reasons for the conduct resulting in the removal of the name from the list or lists and shall further specify the reasons advanced for restoration of the name. The

Commission, after full consideration of the request, may restore the name to the employment list or lists or may refuse such request. The person shall be notified of the Commission's action.
